

Sounds of Nature

4 0 1

Chapter 1 by Kaylen Tavarez

When you are outside what sounds do you hear? Do you peaceful sounds? Do you hear nothing? Today I heard a lawn mower cutting grass in the distance, birds chirping in the tall autumn trees, the fallen leaves rustling as my classmates walked, classmates talking about the assignment, cars driving on Plainfield Avenue, a truck honking its loud disturbing horn, acorns falling from the trees onto the grass, trains from the Edison train station, crickets chirping, a hawk and a crow having a conversation in the trees, squeaking of the wet grass as children walked, a train whistle, and twigs breaking under people's feet.
